

January 6, 2011

To Our Valued Business Partners:

We are pleased to announce that on December 30, 2010, Envision CmosXray LLC was acquired by Illinois Tool Works, Inc. (NYSE: ITW)

ITW is a diversified manufacturing company with a near 100 year history of delivering specialized expertise, innovative thinking and value-added products to meet critical customer needs in a variety of industries. ITW has more than 825 decentralized business units in 52 countries that employ approximately 60,000 men and women.

Envision's management team is delighted to be part of the ITW Test and Measurement Group. We are looking forward to the continued expansion of our industrial and security digital X-ray products and services offered to our customers working from the broad base that a company such as ITW offers. If you are interested in our current offering, we invite you to visit www.cmosxray.com or call us to discuss your current opportunities.

From our business partner's point of view, none of the day to day contact points within Envision will change and our relationship with all of you will remain unaffected by this change of ownership.

We appreciate your past support of our business and look forward to future opportunities. If you have any further questions or need W9 or TIN information, please contact us.

Best regards,
